

Amendments to the Drawings:

The attached sheet of formal drawings includes figs. 2a and 2b and a reference character 15a. An annotated sheet showing these changes is submitted herewith and was also submitted with the Amendment filed May 21, 2004. It is understood that Examiner has approved the proposed drawing changes. See section 1 on page 2 of the Final Office Action.

REMARKS

The Drawings have been corrected as required in section 1 on page 2 of the Office Action.

Claims 3-9 and 17-20 are presented. Claim 21 has been canceled without prejudice or disclaimer, since the invention is adequately protected by the retained claims.

Claims 3-5, 17, 18 and 20 are allowed.

The rejection of claim 21 has been overcome by the cancelation of that claim.

Claims 6-9 and 19 are objected to as indicated in section 2-5 on page 2 of the Office Action. The objections have been overcome by appropriate correction. It is noted that the term "film cassette" appears in line 25 of claim 7 rather than in line 21.

There being no further objections or rejections, the application is clearly in condition for allowance. It is respectfully requested that the Examiner withdraw the final rejection and issuance a Notice of Allowance.

Respectfully submitted,
COOPER & DUNHAM LLP
